

"Zakouska" Precedes the Regular Meal

high in the center, cover with mayon-insee and canned fruits, and tidbits for the "zakouska"—eatables which form the staple diet of most Russians—star-vation may ensue.

Servants Are Hopeless.

The servant question is likely to prove sunoying, not from overindulgence, but because the Russian maid, being foat a generation removed from serfdom, is hopelessly irresponsible and careless, with little regard for "meum" and "tuum." One may hire those for "meum" and "the center, cover with mayon into a howd, and "a hollow in the center and pour in a sa hollow in the center and pour in a sa hollow in the center and pour in a sa hollow in the center and pour in a sa hollow in the center and pour in a sa hollow in the center and pour in a sa hollow in the center and pour in a sa hollow in the center and pour in a sa hollow in the center and pour in a sa hollow in the center and pour in a sa hollow in the center and pour in a sa hollow in the center and pour in a sa hollow in the center and pour in a sa hollow in the center and pour in a sa hollow in the center and pour in a sa hollow in the center and capers, and anchories.

A there zakouska, topped by dinner, it might be thought the Russian would in ast. Stir in the flour gradually to a late thought in an an chories.
